Cintia Losada

Full Stack Developer,
Web Designer & Content Creator

ABOUT ME

Full Stack Developer focused on creating modern, functional, and visually appealing websites.
I work with HTML, CSS, JavaScript, React, and Node.js, and I'm currently specializing in TypeScript and WordPress for e-commerce.
I'm passionate about combining technology, design, and user experience to achieve impactful results.
Proactive, organized, and always eager to learn.
I enjoy exploring both development and the world of digital art and video editing.
